Advisory Panel Member	3-4 meetings per year, incl. one in-person meeting  1-2 hours per meeting	£27.50/hour per NIHR guidelines  Expenses reimbursed

Our research is focused on large scale public health projects that involve analysis of data sets to inform policy and further our understanding of diabetes and its complications

### **We need people with diabetes to work with us to:**

- shape our research priorities and strategy
- advise on the conduct of our research
- provide insight into effective communication of our research

No previous experience is required-  
your lived experience with diabetes is the invaluable expertise we are seeking!
